

Biogas Power Development

PSE Perspective for the Joint Committee on Energy Supply & Energy Conservation

Keith Faretra
Senior Resource Scientist

December 4, 2008

Different Sources/Uses for Biogas

- ◆ Multiple Sources –
 - ◆ Landfills
 - ◆ Wastewater Treatment Plants
 - ◆ Dairy Digesters
- ◆ Typical Use –
 - ◆ End-Use Natural Gas
 - ◆ Electricity Generation
 - ◆ Compressed Natural Gas (vehicles)
- ◆ Emerging Resources

PSE Projects

- ◆ King County South Treatment Plant (Renton)
- ◆ Cedar Hills Regional Landfill
 - ◆ Anticipated operation next year
- ◆ VanderHaak dairy digester project
 - ◆ 2 in development, more than 10 additional possible (northern territory)
- ◆ Discussions
 - ◆ LOTT Alliance (Lacey, Olympia, Tumwater)
